ERRATUM

J. ALMOG, «New Logical Foundations» Logique et Analyse 82-83, Juin-septembre 1978 p. 272, instead of

$$\text{INDETERMINACY} \; = \; 1 - \left[\frac{((i - 0{,}5) \cdot 2 + ((i - 05 \cdot 2)}{2} \right]$$

read

$$\text{INDETERMINACY} \; = \; 1 - |(i - 0 \cdot 5) \cdot 2|$$

On the same page,

The fourth and fifth figures occurring in the column F(P) should be permuted.

The same holds for the the fourth and fifth figures occurring in the column I(P).
